A follow up call on that day and time works for me.

Thanks,
Chris

Hi Chris –

Thanks for sending along this information. I have a few follow-up questions for clarification on the information on the spreadsheet and thought it would be easiest to just talk to you over the phone. Are you available the morning of Monday, January 7th if we set up a call for 9-10 AM?

Thanks,

Sara

Hi Sara,

Attached is the spreadsheet you requested. Sorry for the delay, it took a little longer than expected. Please let me know if there are any questions on the information or if you require anything else.

Sincerely,
Chris

Hi Chris –

I was hoping that since the information is a subset of what would already be included in annual reports, it wouldn't be too time consuming to pull the data. And I totally understand the issue with being short-staffed over the holidays, so I think we can be flexible on this. What kind of time are you thinking you'll need? We'd ideally like to have the information within the next couple of weeks.

Sara

I'm sure we can get this to you. Is there a timeframe you're looking for to receive the information? Holidays and vacations and all.

Thanks,
Chris

Hi Chris –

I'm trying to reconcile information from our NSPS OOOO/OOOOa annual reports to generate an up-to-date list of Crescent Point's affected facilities. Can you please provide me with a current table (preferably in Excel format) that includes the annual report information listed below of Crescent Point's NSPS OOOO and OOOOa well affected and storage vessel affected facilities in Utah? Please include facilities on both state and tribal land.

Well Affected Facilities

Include: Facility Site Name

Well Name

US Well Number

Latitude

Longitude

Completion Date

Storage Vessel Affected Facilities

Include: Facility Site Name

Tank ID

Latitude

Longitude

VOC PTE (tpy) as determined by §60.5365(e) or §60.5365a(e)

Thank you,

Sara
